

Besto

# COMPANY OVERVIEW

Besto Group, is a trusted UAE-based supplier specialized in marine equipment trading, oil & gas products and shipping & logistics services.

We supply and export high-quality marine equipment, spare parts, safety gear, welding tools, electrical cables, lubricants, and ship chandlery to clients in the maritime, offshore, oil & gas and shipbuilding sectors. With established partnerships with global manufacturers, we provide certified products meeting international standards. From pumps, valves, and electrical systems to SOLAS-approved safety equipment, welding consumables and industrial supplies, we support vessels, shipyards, offshore platforms, and contractors with end-to-end procurement solutions.

Our reputation is built on customer satisfaction, competitive pricing, and reliable delivery. With industry-experienced professionals and integrated platforms (SAP Ariba, Oracle, supplier portals), we handle RFQs, procurement, and consolidated logistics with unmatched speed and precision.

## MISSION

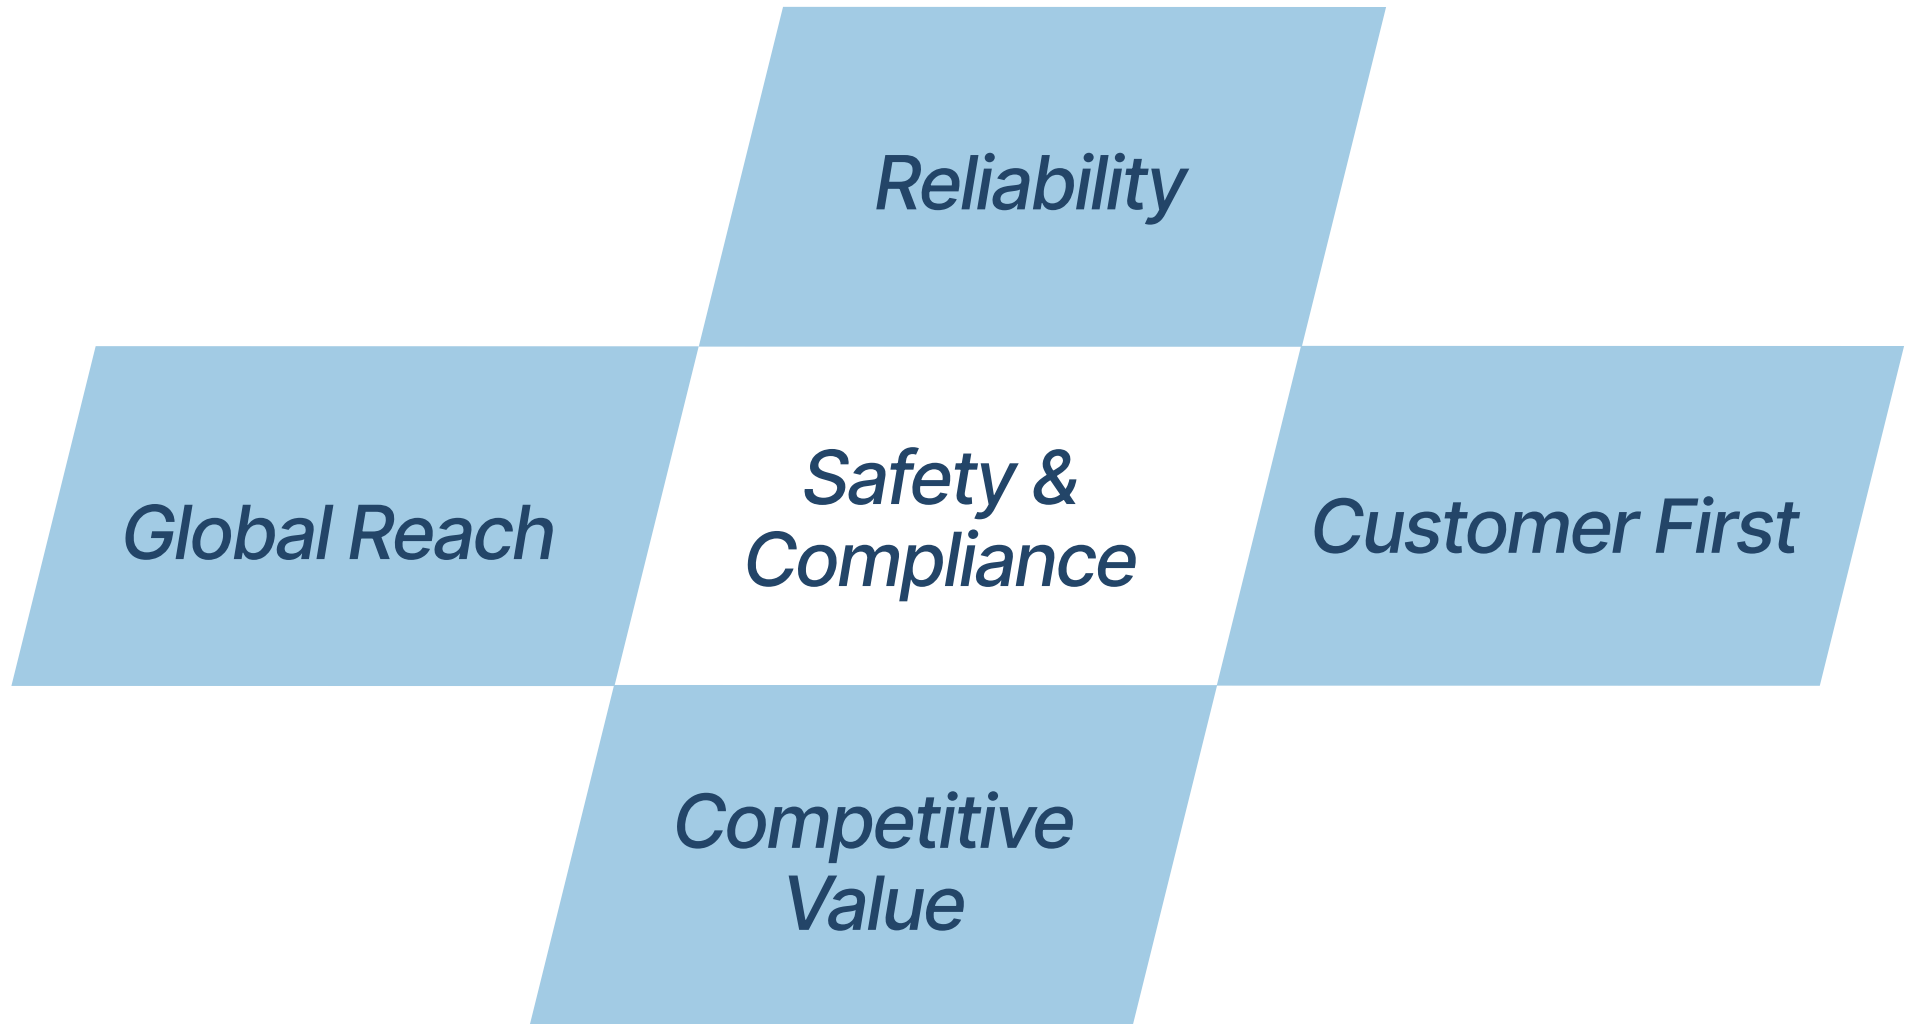

To keep global trade moving — from the UAE to the world.

## VISION

To be the most reliable global partner for procurement, supply chain, shipping & logistics
